Advanced Skills Challenge Certificate	Advanced Skills Challenge Certificate	Advanced Skills Challenge Certificate	Advanced Skills Challenge Certificate	Advanced Skills Challenge Certificate

For Health & Social Care (Double Award with Work Experience) both Option D & B must be chosen

In addition to your option choices all Year 12 students will follow a core curriculum as prescribed by the Welsh Government, known as 'The St Joseph's Core', which will include Enterprise, Global Citizenship, and Community Participation totalling 6 lessons. This programme will contribute to a recognised qualification accepted by universities and employers. This is available in each option block and must be selected as one of your options.

There is also the opportunity for students to re-sit GCSE English and Mathematics in timetabled sessions.
