Greenway Primary School,

Llanstephan Road,

Rumney, Cardiff, CF3 3JG

and

Trowbridge Primary School

Brynbara Way,

Trowbridge, Cardiff, CF3 1SX

Known as ‘The Oaks Federation’

Monday 27th June 2022 – Thursday 30th June 2022

Project Description

This project builds on KA2 Culture of Learning (CoL) ending in August 2019. The project has successfully developed greater social inclusion of pupils within our schools of St Joseph's (SJ), Greenway Primary (GP) Wales & Aslandsskoli (AS), Iceland. CoL was designed to help teachers develop a culture of learning supporting pupils to achieve fully & prepared for work/life within a rapidly changing 21st Century landscape.

It used 7 key areas to drive change that reflect ET 2020: **PRIORITIES** - young people will need a more skills based approach for successful living/employment. Our motivation is to share CoL successes with more schools specifically practices/methodologies developed between schools. CoL based on **OECD** Nature of Learning used **RESEARCH** to **INSPIRE PRACTICE** as a catalyst to rethinking what is taught, how it is taught/how learning is assessed, underpinning the more skills & competences based approach to education in 2019.

We have created a learning culture in schools based on these principles, research methods/first hand observation to rethink how **LEARNING** is delivered for all learners with

greater **EQUITY**. CoL matrix and toolkit supported schools to drill down with staff/pupils to identify priorities to improve provision/culture.

School Background

We are 2 primary schools that have been working together since 2016 and have been legally in partnership since January 2019. We share everything that we do and even money!! We have one headteacher who works across both schools. The schools have catchments that ranks highly on the deprivation index in Wales. On average about 60% of our children come from families who have no or limited employment and require state support for housing and finance. We have a 15% intake of Gypsy Traveller children and about 30% intake of children from homes with English as an Additional Language.

Visit Aims:

Whilst visiting schools in Cardiff, we hope to be able to share:

1. Our 'new curriculum' journey in Wales - starts formally in September 2022
2. Our pupil voice and curriculum choices involving pupils
3. Pupil Progress meetings and presentation of what classroom success looks like and actions necessary to be a successful learning organisation
4. Our Additional Learning Needs provision and wellbeing support
5. Our learning culture journey

Pre/Post Visit Task

During each visit we would like participants to think about how they could use what they have observed, heard and learnt during the week in their own settings. We will make time at the end of the week for a group evaluation of the project and the next steps as we draw together an end of project report.
